1 USB Flash Drive (file storage)	1	1	1

Student Planner will be provided by the school.

Parents: Throughout the year, your child's teacher(s) will identify **items for donation** that will be appreciated. One such item is boxes of tissues for classroom use. If you would like to donate these, please send them in with your child. Thank you.

The TI-84 Plus Silver Edition Graphing Calculator will be used regularly in your child's class. Graphing calculators are an important technology used in Howard County mathematics courses beginning with pre-algebra and extending through the end of the mathematics course sequence. Although students will be provided with a graphing calculator for use in school and have the ability to borrow one for out of school use, students are best served by having a personal calculator and becoming very familiar with how it is used to address a number of different type of mathematics problems. Students who go on to take mathematics courses in college will often be able to use the same calculator for college course work. (Parents who wish to purchase an upgraded calculator that will be suitable for high school and for college engineering classes may purchase the TI-Inspire.)

*** 6G wants dividers with pockets (Avery Slash Pocket Insertable Tab Divider**

**** 7G If 5-subject spiral is not available, 1-subject spiral quantity will be 6.**
