

Sixth Grade Team Behavior Expectations

January 30, 2008

Dear Sixth Graders and Parents:

You are invited to the 15th Annual Outdoor Education Field Trip on May 19-21. It is a rewarding and enriching privilege to step outside the traditional Mount View Middle School walls and challenge ourselves to live, study and learn together at Camp Letts in Edgewater, MD.

As we uphold the Mount View standards of respect, honesty and integrity, we have high expectations that all students will participate in this experience; however, students who choose to disregard or ignore these standards will be served with a Discipline Referral Form. Students with several Discipline Referral Forms on file from February 1 through May 15 are subject to consequences outlined in the HCPSS Code of Conduct; a student may lose privileges to participate in school activities and /or a parent may be asked to accompany a student. We encourage all students to reaffirm their belief in the values of respect, honesty and integrity and to work diligently toward a supportive academic community.

The receipt of this information packet is the first stage of the process. After affirming your commitment to the Mount View standards, we ask that you carefully read, complete, and return all necessary forms to the sixth grade teachers.

Yours in education,
The Sixth Grade Teachers

Please sign and return with all other forms for the Outdoor Education Trip.

I have read and discussed the expectations with my child.
